LATE RETURNS VERIFY
EARLY FIGURES

CHICAGO, Nev. 4.—With 66 of Illinois 102 counties complete and the majority of the returns in from all but one of the remaining counties, election officials today practically stopped work on the official tabulation and turned to the unofficial count, which may not be completed for several days.

Nothing in the late returns has altered previous estimates of the extent of the Republican victory. Only one major office in the entire state—Congressman from the fifth (Chicago) District—remains in doubt, Representative Adolph J. Sabath, Democrat, leading his Republican opponent by about 200 votes, with a few precincts still missing.

Senator Harding is leading Governor Cox on the returns from 5,001 out of 5,730 precincts, by 714,492, and estimates of his final plurality exceed 800,000.

HOG ISLAND TO CLOSE FEBRUARY 1

Washington, Nov. 4.—Hog Island ship yard at Philadelphia, built at a cost to the government of about \$70,000,000 will be closed February 1 unless disposed of by that date, Chairman Benson announced tonight at the shipping board. Failure of the board to receive more than two bids approximating \$4,000,000 each for the purchase of the yard, was probably due, the chairman said, to a tight money market or the close proximity of the election.

He added, however, that the large reason to believe that several large concerns were interested and expected proposals from them to purchase or lease the property.

CROWD SINGS
AND CHEERS

WASHINGTON, Nov. 4.—President Wilson made his first public appearance tonight in more than a year, when he was lifted in his wheel chair to the east portico of the white house while hundreds of Washington league of nations adherents gathered on the white house lawn to do him honor.

The crowd of men, women and children bearing state banners and the national flag under the leadership of John F. Costello, Democratic committee for the District of Columbia assembled at Democratic national headquarters at 8 p. m., and marched to the white house where the gates were open to the public for the first time since the beginning of the war.

Crowd Sings America.

As the president was lifted in his wheel chair up the steps from the interior of the white house leading to the east portico the crowd on the terrace below broke into applause and joined in the singing of "America."

Mrs. Wilson and members of the family stood about the president while the crowd sang.

With an overcoat buttoned closely about him and a soft hat shading his face the president sat silent watching the throng below. There was more cheering as the song ended. A soloist sang "Carry Me Back to Ole Virginia" and the crowd picked up the chorus. As the song ended amid renewed cheers a large bouquet of flowers was laid in front of the president.

Mr. Wilson raised his hat and held it aloft as attendants rolled his chair back toward the door. The crowd sent up cheers for the league and for the president, and, as Mrs. Wilson waved a final greeting from the doorway, sang "The Star Spangled Banner."

PRINCETON TO PLAY

CONTRACTORS TELL
OF MONEY PAID TO
GET JOBS AND MEN

Allege Payment of
\$11,000 to Walking
Delegates

ALSO PAYS DUES AND
INITIATION FEES

NEW YORK, Nov. 4.—(By The Associated Press.)—More house wrecking and building contractors appeared at today's hearing of the joint legislative committee investigating the "building trust" and testified to the payment of more than \$11,000 to Robert P. Brindell, president of the Building Trades Council and his walking delegates, for the privilege of getting jobs and using union men on the work.

Practically all of the witnesses told the committee that if they had not paid Brindell or his associates certain sums when demanded they would have been put out of the business by strikes and labor trouble.

When the hearing adjourned late today until tomorrow, Albert Volk, a building contractor, who had already testified to the payment of \$4,500 to Brindell was still on the witness stand and had several cancelled checks in his hands for explanation.

Louis Cohen, a house wrecker, made the first revelation of the day when he testified to paying Brindell \$4,500 in sums ranging from \$250 to \$3,000 for the privilege of getting contracts and working them with the council's men.

Pays to Get Work Started

The first direct testimony relating to the payment of money to Brindell's walking delegates was by Max Minerson, a contractor, who declared he had paid two business agents—Peter Staudmuller and George Moran—\$2,000 to get work started on a job. He testified he understood that they wanted the money to pay Brindell.

Besides giving Brindell \$4,500 in cash in various transactions at the offices of the building trades council, Volk, while on the stand, testified to paying various sums totalling more than \$1,100 to the Brindell organization for "initiation fees and dues" of men in his employ. Checks for the various amounts, including one for \$677.25 personally endorsed by Brindell and A. J. Olsen, were introduced as evidence.

"He (Brindell) told me," continued Volk, "that he had kicked the builders into shape and they had to come across and that many of them were his friends. He didn't specifically mention how, but I understand it was thru union fights."

INVESTIGATION OF
COAL CONSPIRACY
CASES BY COURT

Judge Anderson Will
Look Into Certain
Matters

PALMER DOES NOT
UNDERSTAND

INDIANAPOLIS, Ind., Nov. 4.—Investigation involving Attorney General Palmer's connection with the conspiracy case of 125 coal operators and miners will be made by Judge A. B. Anderson in the federal district court here next Monday the date set for beginning the trial, according to a notice sent the attorney general today by court officials. Judge Anderson declined to discuss the notice which said "certain matters" would be inquired into.

A. R. Simms, who resigned as assistant attorney general in charge of the conspiracy case has said that the attorney general's order "cut the heart out of the case."

Court officials today also declined to say whether the government will be ready to proceed with the trial next Monday but indications were that continuance would be asked because most of the defendants have not been brought within the jurisdiction of Judge Anderson's court. These defendants include operators and miners in Ohio, Pennsylvania, West Virginia and Illinois.

Palmer Receives Notice.

Washington, Nov. 4.—Attorney General Palmer returned to his office here late today to find awaiting him a telegram from Federal Judge Anderson at Indianapolis, informing him that an investigation was to be made of Mr. Palmer's connection with the soft coal cases.

Mr. Palmer immediately went into conference with C. B. Ames, former assistant attorney general, who conducted the court proceedings at Indianapolis in the original cases at the time of the soft coal strike. After the conference which lasted two hours, he said he was unable to understand what "Judge Anderson is proposing to investigate."

Mr. Palmer had not determined tonight whether he would go to Indianapolis personally in response to Judge Anderson's invitation. It was indicated, however, that Mr. Ames would probably be present at the inquiry in the capacity of a special representative of the department of justice as he was said to be familiar with all questions pertaining to the coal cases as well as with Mr. Palmer's own views.

Altho in no way connecting the Simms controversy with matters to be investigated by Judge Anderson, Mr. Palmer maintained his position with respect to using the coal conspiracy evidence as a second time was "the only right and proper" position to take. He was represented as feeling that to use the evidence in the forthcoming case would amount substantially to placing the defendants twice in jeopardy.

ELECTORAL VOTE
TOPS 400 MARK
BREAKS RECORDS

Gives Fifty Eight Seats in
the United States
Senate

GAIN EIGHT IN STATE
OF MISSOURI

NEW YORK, Nov. 4.—An almost record smashing electoral vote for Senator Harding topping the 400 mark and the Republican majorities of more than a score in the senate and 150 in the house were assured from virtually complete returns tonight from Tuesday's elections. With the Democratic strongholds of Oklahoma, Missouri and Tennessee definitely swept in the Republican ranks by the party's crushing victory, the Harding-Coolidge ticket had 396 votes, exclusive of the five from Montana.

The Republican landslide tonight had given them 58 senate seats as against 37 for the Democrats with late returns turning the seat of Senator Beckham, Democrat, Kentucky. His Republican opponent, Richard J. Ernest forged ahead in the fight for the only senate fight left unsettled. Of the 34 senate contests, the Republicans captured nine from the Democrats and elected all fifteen of their candidates. Among the Democratic senators who today went down to defeat were Senators Chamberlain of Oregon, former chairman of the military committee, Senator Smith of Arizona, who lost to former Representative Ralph Cameron, and Senator Henderson of Nevada, who was defeated by former Governor Oddie.

With a missing district yet to report, the Republican roll in the house had climbed to 287 to 140 for the Democrats.

Among the members whose re-election was reported definitely tonight was Representative Volstead of Minnesota.

In the house contests the Republican sweep gave an almost solid Ohio Republican delegation only one district being in doubt.

In Missouri, the Republicans gained another block of eight.

REPUBLICANS WILL
WIN IN TENNESSEE

Harding Will Win Over Cox Nearly 100,000—Taylor Republican Candidate for Governor Wins by Over 38,000

H. Roberts, his Democratic opponent.

The two missing counties, Marion and Blount, are in the eastern part of the state and normally give a Republican majority of about 800 on their combined vote.

On the face of the returns the Republicans have gained one and probably two congressmen from the state. The Republican victory for the presidential ticket in the state is the first since 1868. The total vote will probably be about 410,000.

HARDING PRESIDES
AT OBSEQUES OF
LEAGUE OF NATIONS

Says Versailles Covenant is Now Deceased

ASKS FOR CONFIDENCE
AND PRAYERS

MARION, O., Nov. 4.—Making his first speech as president-elect, Warren G. Harding declared at an election celebration of home folks here tonight that the Versailles league of nations was "now deceased" altho the new administration intended to see that the nation played its part in a new international association founded on peace and justice.

Mr. Harding also told his friends and neighbors, who gathered around the front porch in a cheering concourse rivaling the greatest crowd of the campaign that he had come thru the fight "without an apology or a regret," and that he would rather not have the presidency than to win it "by speaking ill or uttering a lie."

The celebration in which many from other Ohio cities joined was characterized by all the carnival features of an old-time political rally. In a parade past the Harding residence there were many special features, one man leading a donkey on whose sides was painted "Jimmie Didn't Treat Me Right," while another group carried a "dummy" silhouetted against a red-fire background and labelled "the league of nations."

It was from the latter tableau that the president-elect took the cue for the leading thought of his speech. His reference to it started a laugh and then he said:

"I didn't see as much sorrow in your faces as I had apprehended. It's not that you or I question the desire of America to play its part; it's not that we question the high ideals of those who were responsible for the Versailles covenant. You just don't want a surrender of the United States of America; you wanted America to go on under American ideals. That's why you didn't care for the league which is now deceased."

"America is playing a great part now. America is healing the heart of the old world tonight as no other nation. But there is more to do. There is a new world relationship and when the next administration comes into power we're going to play our part. We're going to ask for nations associated together in justice; but it shall be an association which surrenders nothing of American freedom."

Asks for Confidence and Prayers

In his short talk the president-elect took up on no other issues of the campaign but thanked the crowd for its tribute and asked that he go to Washington "with your good wishes and your confidence and prayers."

"It's a solemn responsibility," he said, "and when I am thru I want to be able to come back and be one of you again the same as I am now. I like to stand before you and tell you I don't come with a single apology or regret. Before I'd become president by speaking or uttering a lie, I'd spurn the office." He added that he always had liked "the Marion spirit of boasting," and that he was "going tomorrow to Washington as a booster for the United States of America."

HOG ISLAND TO CLOSE FEBRUARY 1

Washington, Nov. 4.—Hog Island ship yard at Philadelphia, built at a cost to the government of about \$70,000,000 will be closed February 1 unless disposed of by that date, Chairman Benson announced tonight at the shipping board. Failure of the board to receive more than two bids approximating \$4,000,000 each for the purchase of the yard, was probably due, the chairman said to a tight money market or the close proximity of the election.

He added, however, that the had reason to believe that several large concerns were interested and expected proposals from them to purchase or lease the property.

WASHINGTON, Nov. 4.—President Wilson made his first public appearance tonight in more than a year, when he was lifted in his wheel chair to the east portico of the white house while hundreds of Washington league of nations adherents gathered on the white house lawn to do him honor.

The crowd of men, women and children bearing state banners and the national flag under the leadership of John F. Costello, Democratic committee for the District of Columbia assembled at Democratic national headquarters at 8 p. m., and marched to the white house where the gates were open to the public for the first time since the beginning of the war.

Crowd Sings America.
As the president was lifted in his wheel chair up the steps from the interior of the white house leading to the east portico the crowd on the terrace below broke into applause and joined in the singing of "America."

Mrs. Wilson and members of the family stood about the president while the crowd sang.

With an overcoat buttoned closely about him and a soft hat shading his face the president sat silent watching the throng below. There was more cheering as the song ended. A soloist sang "Carry Me Back to Ole Virginia" and the crowd picked up the chorus. As the song ended amid renewed cheers a large bouquet of flowers was laid in front of the president.

Mr. Wilson raised his hat and held it aloft as attendants rolled his chair back toward the door. The crowd sent up cheers for the league and for the president, and as Mrs. Wilson waved a final greeting from the doorway, sang "The Star Spangled Banner."

CONTRACTORS TELL OF MONEY PAID TO GET JOBS AND MEN

Allege Payment of \$11,000 to Walking Delegates

ALSO PAYS DUES AND INITIATION FEES

NEW YORK, Nov. 4.—(By The Associated Press.)—More house wrecking and building contractors appeared at today's hearing of the joint legislative committee investigating the "building trust" and testified to the payment of more than \$11,000 to Robert P. Brindell, president of the Building Trades Council and his walking delegates, for the privilege of getting jobs and using union men on the work.

Practically all of the witnesses told the committee that if they had not paid Brindell or his associates certain sums when demanded they would have been put out of the business by strikes and labor trouble.

When the hearing adjourned late today until tomorrow, Albert Volk, a building contractor, who had already testified to the payment of \$4,500 to Brindell was still on the witness stand and had several cancelled checks in his hands for explanation.

Louis Cohen, a house wrecker, made the first revelation of the day when he testified to paying Brindell \$4,500 in sums ranging from \$250 to \$3,000 for the privilege of getting contracts and working them with the council's men.

Pays to Get Work Started
The first direct testimony relating to the payment of money to Brindell's walking delegates was given by Max Minerson, a contractor, who declared he had paid two business agents—Peter Stadtmulle and George Moran—\$2,000 to get work started on a job. He testified he understood that they wanted the money to pay Brindell. Besides giving Brindell \$4,500 in cash in various transactions at the offices of the building trades council, Volk, while on the stand, testified to paying various sums totalling more than \$1,100 to the Brindell organization for "initiation fees and dues" of men in his employ.

Checks for the various amounts, including one for \$677.23 personally endorsed by Brindell and A. J. Olsen, were introduced as evidence.

"He (Brindell) told me," continued Volk, "that he had licked the builders into shape and they had to come across and that many of them were his friends. He didn't specifically mention how, but I understand it was thru union fights."

INVESTIGATION OF COAL CONSPIRACY CASES BY COURT

Judge Anderson Will Look Into Certain Matters

PALMER DOES NOT UNDERSTAND

INDANAPOLIS, Ind., Nov. 4.—Investigation involving Attorney General Palmer's connection with the conspiracy case of 125 coal operators and miners will be made by Judge A. B. Anderson in the federal district court here next Monday the date set for beginning the trial, according to a notice sent the attorney general today by court officials. Judge Anderson declined to discuss the notice which said "certain matters" would be inquired into.

A. R. Simms, who resigned as assistant attorney general in charge of the conspiracy case has said that the attorney general's order "cut the heart out of the case."

Court officials today also declined to say whether the government will be ready to proceed with the trial next Monday but indications were that continuance would be asked because most of the defendants have not been brought within the jurisdiction of Judge Anderson's court. These defendants include operators and miners in Ohio, Pennsylvania, West Virginia and Illinois.

Palmer Receives Notice.
Washington, Nov. 4.—Attorney General Palmer returned to his office here late today to find awaiting him a telegram from Federal Judge Anderson at Indianapolis, informing him that an investigation was to be made of Mr. Palmer's connection with the soft coal cases.

Mr. Palmer immediately went into conference with C. B. Ames, former assistant attorney general, who conducted the court proceedings at Indianapolis in the original cases at the time of the soft coal strike. After the conference which lasted two hours, he said he was unable to understand what "Judge Anderson is proposing to investigate."

Mr. Palmer had not determined tonight whether he would go to Indianapolis personally in response to Judge Anderson's invitation. It was indicated however, that Mr. Ames will probably be present at the inquiry in the capacity of a special representative of the department of justice as he was said to be familiar with all questions pertaining to the coal cases as well as with Mr. Palmer's own views.

Altho in no way connecting the Simms controversy with matters to be investigated by Judge Anderson, Mr. Palmer maintained his position with respect to using the coal conspiracy evidence a second time, was "the only right and proper" position to take. He was represented as feeling that to use the evidence in the forthcoming case would amount substantially to placing the defendants twice in jeopardy.

ELECTORAL VOTE TOPS 400 MARK BREAKS RECORDS

Gives Fifty Eight Seats in the United States Senate

GAIN EIGHT IN STATE OF MISSOURI

NEW YORK, Nov. 4.—An almost record smashing electoral vote for Senator Harding topping the 400 mark and the Republican majorities of more than a score in the senate and 150 in the house were assured from virtually complete returns tonight from Tuesday's elections. With the Democratic strongholds of Oklahoma, Missouri and Tennessee definitely swept in the Republican ranks by the party's crushing victory, the Harding-Coolidge ticket had 396 votes, exclusive of the five from Montana.

The Republican landslide tonight had given them 58 senate seats as against 37 for the Democrats with late returns undermining the seat of Senator Beckham, Democrat, Kentucky. His Republican opponent, Richard C. Eustis, forged ahead in the fight for the only senate fight left unsettled. Of the 34 senate contests, the Republicans captured nine from the Democrats and elected all fifteen of their candidates. Among the Democratic senators who today went down to defeat were Senators Chamberlain of Oregon, former chairman of the military committee, Senator Smith of Arizona, who lost to former Representative Ralph Cameron, and Senator Henderson of Nevada, who was defeated by former Governor Oddie.

With a missing district yet to report, the Republican roll in the house had climbed to 287 to 140 for the Democrats.

Among house members whose re-election was reported definitely tonight was Representative Volstead of Minnesota.

In the house contests the Republican sweep gave an almost solid Ohio Republican delegation only one district being in doubt.

In Missouri, the Republicans gained another block of eight.

H. Roberts, his Democratic opponent.

The two missing counties, Marion and Bledsoe, are in the eastern part of the state and normally give a Republican majority of about 800 on their combined vote.

On the face of the returns the Republicans have gained one and probably two congressmen from the state. The Republican victory for the presidential ticket in the state is the first since 1863. The total vote will probably be about 410,000.

HARDING PRESIDES AT OBSEQUES OF LEAGUE OF NATIONS

Says Versailles Covenant is Now Deceased

ASKS FOR CONFIDENCE AND PRAYERS

MARION, O., Nov. 4.—Making his first speech as president-elect, Warren G. Harding declared at an election celebration of home folks here tonight that the Versailles league of nations was "now deceased" altho the new administration intended to see that the nation played its part in a new international association founded on peace and justice.

Mr. Harding also told his friends and neighbors, who gathered around the front porch in cheering concourse rivaling the greatest crowd of the campaign that he had come thru the fight "without an apology or a regret," and that he would rather not have the presidency than to win it, "by speaking ill or uttering a lie."

The celebration in which many from other Ohio cities joined was characterized by all the carnival features of an old-time political rally. In a parade past the Harding residence there were many special features, one man leading a donkey on whose sides was painted "Jimmie Didn't Treat Me Right," while another group carried a "dummy" silhouetted against a red-fire background and labelled "the league of nations."

It was from the latter tableau that the president-elect took the cue for the leading thought of his speech. His reference to it started a laugh and then he said:

Wants America to Play Part
"I didn't see as much sorrow in your faces as I had apprehended. It's not that you or I question the desire of America to play its part; it's not that we question the high ideals of those who were responsible for the Versailles covenant. You just don't want a surrender of the United States of America; you wanted America to go on under American ideals. That's why you didn't care for the league which is now deceased."

"America is playing a great part now. America is healing the heart of the old world tonight as no other nation. But there is more to do. There is a new world relationship and when the next administration comes into power we're going to play our part. We're going to ask for nations associated together in justice; but it shall be an association which surrenders nothing of American freedom."

One of the early questions to have the attention of Republican congress will be a revision of the taxation laws. This revision cannot come too soon to suit the average American citizen, for the inequalities of the present system have caused untold annoyance.

Why wait for a solicitor to call and ask for your contribution to the Salvation Army campaign? You know the work. You know the cause is worthy and you are perfectly willing to give. Why not mail your check to Thomas V. Hopper or Charles A. Johnson.

A banker suggests that there is nothing surprising about the failure of people to be surprised over the huge majorities shown in the election. News of the majority of 100,000 or 1,000,000 was received with equal calmness. This banker says that in these later years people have come to take so glibly of billions where they used to think in millions, that the size of figures has lost all the awe that ever attached to them.

Has it ever occurred to you that one of the finest things about this present good weather is the opportunity it gives for finishing that East State street job? A few more weeks of this kind of weather and Contractor Williams will have at least half of East State street paved and ready for the heavy traffic it will carry thru the winter months.

The markets since election have shown but little change. There was not the upward tendency that some enthusiasts had anticipated. The reason can be found in the statement that the result had been so generally anticipated in business and financial circles for weeks ahead that the returns had been discounted in advance.

It's no wonder that the Democrats are full of regrets because they failed to nominate Gov. Smith at the San Francisco convention. He has been termed "the miracle man" of this campaign for he achieved the almost impossible task of running a million ahead of the national Democratic ticket in his state.

He is seemingly defeated for the governorship by 57,000 votes, while the Harding and Coolidge majority is something like 1,200,000. If the enthusiasm over this feat can be bottled up for another four years, Gov. Smith will have a fine chance for the nomination in 1924.

SOME CRITICISM NEEDED.

Champ Clark is one of the Democratic wheel horses defeated for congress in a district previously accounted as a certain Democratic. There are a good many Republicans who are sorry

that Mr. Clark is not to continue as a figure in the national house.

They take this view both because of some admiration for the long-time leader, and for the further reason that they believe there is such a thing as too big a party majority—that a certain amount of minority representation, with its attendant criticism, is a mighty good thing.

G. O. P. RESPONSIBILITY.

One fact that the Republican party faces is that the full responsibility is now on the party. Republicans have absolute control of governmental affairs and the results are up to them. The serious task is presented of guiding the government thru tempestuous days of reconstruction.

The problems that now press for solution and that will demand attention during the coming months and years are fully as momentous as some of the problems that came with the war and the days immediately after it.

A WONDERFUL FREIGHT SHOWING.

"Statistics compiled by the Bureau of Railway Economics disclose the fact," says the Railway Age, "that in August the railways moved more freight not only than in August of any previous year, but more than in any previous month in any year in history. This seems a conclusive answer to charges which have been made by W. G. McAdoo and others that the railways have been inefficiently operated since they were returned to private control and that they can be operated with maximum efficiency only under unified government control. The number of tons of freight moved one mile in August was 42,706,000,000. The nearest approach to this ever made before was in August, 1918 when the number of tons moved one mile was 40,776,000,000.

"The detailed figures regarding the way in which this record-breaking achievement was accomplished are very interesting and significant in view of the efforts the railways have been making for some months to increase the efficiency of operation. The average mile each freight car was moved daily in August was 27.4. This was the greatest mileage ever attained in any month except in May, June and July, 1917, under private operation. In other words, in none of the 26 months of government operation was this record for car movement ever equalled. The average tons handled in each loaded car in August, 1920, was 29.8, a record exceeded only in months of July, August and September, 1918, when shippers for patriotic reasons were giving the railways the highest degree of co-operation.

Victory.

We're feeling well and hearty, and peace is in our souls; the Farmer-Labor party has triumphed at the polls; and Parley, standard bearer, will fill the White House chair and bring a reign of terror to traitors everywhere. The Wall Street herons hissed him, hissed Parley, safe and sane, the plutocrats dismissed him with snorts of high disdain, and all the hosts of treason said they would knock him cold; but, oh, there were no fleas on our standard bearer bold. He came from Salt Lake City, the home of Brigham Young, and he was wise and witty, and had a fluent tongue. The farmer left his barley, in manner circum-spect, to vote for good old Parley, our President-elect. And Peter, Mike and Charley, the tailors plied their feet, to vote for good old Parley, who takes the Woodrow seat. Oh, some were sure that Harding would harvest Wilson's socks, and some made claims regarding my old friend Jimmie Cox. And some grew sore and snarled, defending Warr'n or Jim, but I stood up for Parley and now rejoice with him. Old parties are disjointed and driven from the map, and I will be appointed to some fat public snap.

SOME FINE POTATOES.

W. R. Zahn of the vicinity of Concord has left at the Journal office some specimens of potatoes which are remarkable in several ways. They are very fine tubers of the Rural New York variety, and on a patch eighty feet square. Mr. Zahn says he raised eighty bushels. It was the site of a reed lot and very rich and he used straw at the proper time with the result named. His experience compared with that of the great majority of potato raisers in this vicinity was remarkable.

OVERTURNED LAMP CAUSES SMALL FIRE

An overturned lamp in a shed in the rear of the residence at 428 South East street, occupied by John Ray called out the fire department at 5:45 o'clock Thursday afternoon.

The department made a quick run and soon had the flames under control. The property on which the shed is located is owned by Mrs. Smith. It is not known whether or not any insurance was carried on the building.

One of the early questions to have attracted the attention of congress will be a revision of the taxation laws. This revision cannot come too soon to suit the average American citizen, for the inequalities of the present system have caused untold annoyance.

Why wait for a solicitor to call and ask for your contribution to the Salvation Army campaign? You know the work. You know the cause is worthy and you are perfectly willing to give. Why not mail your check to Thomas V. Hopper or Charles A. Johnson.

A banker suggests that there is nothing surprising about the failure of people to be surprised over the huge majorities shown in the election. News of the majority of 100,000 or 1,000,000 was received with equal calmness. This banker says that in these later years people have come to take so glibly of billions where they used to think in millions, that the size of figures has lost all the awe that ever attached to them.

Has it ever occurred to you that one of the finest things about this present good weather is the opportunity it gives for finishing that East State street job? A few more weeks of this kind of weather and Contractor Williams will have at least half of East State street paved and ready for the heavy traffic it will carry thru the winter months.

The markets since election have shown but little change. There was not the upward tendency that some enthusiasts had anticipated. The reason can no doubt be found in the statement that the result had been so generally anticipated in business and financial circles for weeks ahead that the returns had been discounted in advance.

It's no wonder that the Democrats are full of regrets because they failed to nominate Gov. Smith at the San Francisco convention. He has been termed "the miracle man" of this campaign for he achieved the almost impossible task of running a million ahead of the national Democratic ticket in his state.

He is seemingly defeated for the governorship by 57,000 votes, while the Harding and Coolidge majority is something like 1,200,000. If the enthusiasm over this feat can be bottled up for another four years, Gov. Smith will have a fine chance for the nomination in 1924.

SOME CRITICISM

NEEDED.

Champ Clark is one of the Democratic wheel horses defeated for congress in a district previously accounted as certainly Democratic. There are a good many Republicans who are sorry

that Mr. Clark is not to continue as a figure in the national house. They take this view both because of some admiration for the long-time leader, and for the further reason that they believe there is such a thing as too big a party majority—that a certain amount of minority representation, with its attendant criticism, is a mighty good thing.

G. O. P.

RESPONSIBILITY.

One fact that the Republican party faces is that the full responsibility is now on the party. Republicans have absolute control of governmental affairs and the results are up to them. The serious task is presented of guiding the government thru tempestuous days of reconstruction. The problems that now press for solution and that will demand attention during the coming months and years are fully as momentous as some of the problems that came with the war and the days immediately after it.

A WONDERFUL FREIGHT SHOWING.

"Statistics compiled by the Bureau of Railway Economics disclose the fact," says the Railway Age, "that in August the railroads moved more freight not only than in August of any previous year, but more than in any previous month in any year in history. This seems a conclusive answer to charges which have been made by W. G. McAdoo and others that the railroads have been inefficiently operated since they were returned to private control, and that they can be operated with maximum efficiency only under unified government control. The number of tons of freight moved one mile in August was 42,706,000,000. The nearest approach to this ever made before was in August, 1918 when the number of tons moved one mile was 40,776,000,000.

"The detailed figures regarding the way in which this record-breaking achievement was accomplished are very interesting and significant in view of the efforts the railroads have been making for some months to increase the efficiency of operation. The average mile each freight car was moved daily in August was 27.4. This was the greatest mileage ever attained in any month except in May, June and July, 1917, under private operation. In other words, in none of the 26 months of government operation was this record for car movement ever equalled. The average tons hauled in each load of car in August, 1920, was 29.3, a record exceeded only in months of July, August and September, 1918, when shippers for patriotic reasons were giving the railways the highest degree of co-operation.

Rippling Rhymes

By Walt Mason

Victory.

We're feeling well and hearty, and peace is in our souls; the Farmer-Labor party has triumphed at the polls; and Parley, standard bearer, will fill the White House chair, and bring a reign of terror to traitors everywhere. The Wall Street herons hissed him, hissed Parley, safe and sane, the plutocrats dismissed him with snorts of high disdain, and all the hosts of treason said they would knock him cold; but, oh, there were no fleas on our standard bearer bold. He came from Salt Lake City, the home of Brigham Young, and he was wise and witty, and had a fluent tongue. The farmer left his barley, in manner circum-spect, to vote for good old Parley, our President-elect. And Peter, Mike and Charley, the toilers plied their feet, to vote for good old Parley, who takes the Woodrow seat. Oh, some were sure that Harding would harvest Wilson's socks, and some made claims regarding my old friend Jimmie Cox. And some grew sore and snarley, defending Warr'n or Jim, but I stood up for Parley and now rejoice with him. Old parties are disjointed and driven from the map, and I will be appointed to some fat public snap.

Boudoir talks with Sybel on how cocoa butter improves the complexion

Sybel initiated me into the mysteries of her boudoir this morning. Though she motors and golfs constantly, I learned for the first time how she keeps such a smooth, satiny complexion.

"Rough, my dear? Why I scarcely know the meaning of the word. My mother's old French maid, Nanette, taught me a lesson years ago far more valuable than any my governess ever taught me and that was that cocoa butter works miracles in one's complexion."

"I've discovered a cocoa butter cream called Coco-Bloom and it's the only cream I use. It is smooth and soft with a deliciously clean odor. It also contains other ingredients of benefit to the skin. I use it as a cleansing cream at night and one reason why I never need to powder my face at dance is because I use Coco-Bloom as a foundation for the powder rather than the so-called vanishing creams. I rub the cream in well then wipe it off with a coarse towel and apply the powder."

"The trouble with most women is they don't realize that the constant dabbing of powder dries the natural oils that feed the true skin lying under the outer skin. If we would look youthful and have natural color, instead of being dried up and yellowish looking, we must nourish this skin."

"Remember, Coco-Bloom is cocoa butter cream, and it supplies exactly what is needed to make a skin supple and healthy."

SQUATTERS IN FAMOUS PARK

Vienna.—Squatters have taken possession of the famous Lainz-Tiergarten on the outskirts of Vienna and, where once the royal stags and wild boars fattened on rich meadows and under splendid oaks, huts are being erected and ground broken for crops.

The procedure of present conditions in Austria. Some months ago a group of men, mostly war invalids, formally demanded this park from the government, giving notice that if their demands were not met within a certain period they would take possession. The demand was ignored by the authorities, so a few days ago the period expired and several hundred men marched quietly to the entrance and demanded admission. The keepers swung open the gates, the men entered and staked out their claims, placing a model hut in one of the open grassed spaces as a symbol of possession.

It is said that 1,700 families will take up claims.

CANADA'S LIVESTOCK EXPORTS OVERSEAS

Ottawa, Ont.—(By The A. P.)—Canada's export livestock trade has shown remarkable development in the last few years, according to government statistics. Live cattle exported last year exceeded 500,000 and were valued at \$50,000,000, a sum equal to the combined values of live cattle exported in the five previous years.

More than 90 per cent of the exported cattle went to the United States either as butcher cattle or stockers and feeders. During the same period, Canada exported 112,709,517 pounds of fresh and pickled beef valued at \$20,937,848. Total value of cattle exports exclusive of canned meats, exceeded \$70,000,000.

CO-OPERATIVE BUYING OF FARM SUPPLIES

By Farmers' Business Organizations to Be Taken Up By Farmers' National Grain Dealers Association at Convention in Chicago Dec. 2 and 3.

CHICAGO—(By the Associated Press.)—Cooperative purchase of farm supplies by farmers' business organizations will be taken up by the Farmers' National Grain Dealers Association at a convention here Dec. 2 and 3. The other major subject will be the cooperative selling of grain. Announcement of the tentative program was made here today.

According to national headquarters of the association here, there are 4,600 farmers' cooperative elevators in the country, representing an investment of \$100,000,000. They are said to handle annually 1,000,000,000 bushels of grain. Their purchases of supplies in a year are estimated at \$250,000,000.

"These elevators constitute the largest business organization of farmers in the world," association headquarters said today. "It is hoped to group purchases so as to take the entire output of factories."

Ohio is the first state to form a collective purchasing company, and Charles Latchaw of Defiance is scheduled to tell of what is accomplished to date. A company incorporated at \$100,000 has been in operation in Ohio since the first of last July.

Practical propositions submitted by manufacturers will be reported. Establishment of a national wholesale buying association will be the subject of a committee on this subject having been named at the March meeting of the association. The Farmers'

Union Exchange of Nebraska and the Wisconsin Equity Purchasing Association will be heard from.

Cooperative wholesale efforts, terminal grain marketing and bonding and insurance will be other subjects before the convention.

Among speakers scheduled are Harold G. Powell, manager of the Citrus Fruit Growers Association of California, Thomas Crerar, head of the Canadian Grain Growers Company, and Secretary E. T. Meredith of the Department of Agriculture.

This is the first national convention of the kind to be held by the Association. Heretofore conventions have been composed of two delegates from each state, but next month this limitation will be taken off.

NEW RELIGION CAUSING TROUBLE

Tokio.—Japan's new religion, Omoto-kyo, which was founded by a peasant woman, and which is popularly supposed to be spreading socialistic and even bolshevist ideas under the cloak of loyalty to the Japanese imperial house, is now finding adherents in the army, according to vernacular newspapers.

The fact that some officers on the reserve list are devoted followers of Omoto-kyo, is said to be particularly disturbing to the military authorities. An investigation was started when a soldier of a regiment at Nagoya tried to organize a co-operation with socialistic agitators, both inside and outside the regiment, an association to oppose military discipline.

In an interview with the Yomiuri Shimbun, Major General Nagasaki expressed regret at the signs of unrest among the troops, but said that the number of men who exhibit such signs were few. He added: "However, it appears true that the number is growing

among both the men and officers, mostly those upon the reserve list, who are becoming tainted with the hideous doctrine of the Omoto-kyo. The war office is apparently conducting an investigation into this and possibly some official instructions will be issued in the near future."

CHINA WILL ISSUE BONDS

Peking.—The cabinet has authorized the ministry of finance to issue bonds to the extent of \$60,000,000 to be used for retirement of depreciated currency of the Bank of China and Bank of Communications. Since these banks were granted a moratorium at the time of Yuan Shih-kai's

monarchial fiasco, the notes have been exchangeable only at 40 to 60 per cent of their face value. It is the plan now to retire all of these notes in exchange for bonds secured by customs revenue surplus, bearing six per cent interest and payable over a period of six years from March, 1921.

CO-OPERATIVE BUYING OF FARM SUPPLIES

By Farmers' Business Organizations to Be Taken Up By Farmers' National Grain Dealers Association at Convention in Chicago Dec. 2 and 3.

CHICAGO—(By the Associated Press.)—Co-operative purchase of farm supplies by farmers' business organizations will be taken up by the Farmers' National Grain Dealers Association at a convention here Dec. 2 and 3. The other major subject will be the co-operative selling of grain. Announcement of the tentative program was made here today.

According to national headquarters of the association here, there are 4,600 farmers' co-operative elevators in the country, representing an investment of \$100,000,000. They are said to handle annually 1,000,000,000 bushels of grain. Their purchases of supplies in a year are estimated at \$250,000,000.

"These elevators constitute the largest business organization of farmers in the world," association headquarters said today. "It is hoped to group purchases so as to take the entire output of factories."

Ohio is the first state to form a collective purchasing company, and Charles Latchaw of Defiance is scheduled to tell of what is accomplished to date. A company incorporated at \$100,000 has been in operation in Ohio since the first of last July.

Practical propositions submitted by manufacturers will be reported. Establishment of a national wholesale buying association will be the subject of a committee on this subject having been named at the March meeting of the association. The Farmers' Union Exchange of Nebraska and the Wisconsin Equity Purchasing Association will be heard from. Co-operative wholesale efforts, terminal grain marketing and bonding and insurance will be other subjects before the convention.

Among speakers scheduled are Harold G. Powell, manager of the Citrus Fruit Growers Association of California, Thomas Crerar, head of the Canadian Grain Growers Company, and Secretary E. T. Meredith of the Department of Agriculture.

This is the first national convention of the kind to be held by the Association. Heretofore conventions have been composed of two delegates from each state, but next month this limitation will be taken off.

NEW RELIGION CAUSING TROUBLE

Tokio.—Japan's new religion, Omoto-kyo, which was founded by a peasant woman, and which is popularly supposed to be spreading socialistic and even bolshevist ideas under the cloak of loyalty to the Japanese Imperial house, is now finding adherents in the army, according to vernacular newspapers.

The fact that some officers on the reserve list are devoted followers of Omoto-kyo, is said to be particularly disturbing to the military authorities. An investigation was started when a soldier of a regiment at Nagoya tried to organize a co-operation with socialist agitators, both inside and outside the regiment, an association to oppose military discipline.

In an interview with the Yomiuri Shimbun, Major General Nagasaki expressed regret at the signs of unrest among the troops, but said that the number of men who exhibit such signs were few. He added: "However, it appears true that the number is growing

SQUATTERS IN FAMOUS PARK

Vienna.—Squatters have taken possession of the famous Lainz-Tiergarten on the outskirts of Vienna and, where once the royal stags and wild boars fattened on rich meadows and under splendid oaks, huts are being erected and ground broken for crops.

The procedure of occupation was symptomatic of present conditions in Austria. Some months ago a group of men, mostly war invalids, formally demanded this park from the government, giving notice that if their demands were not met within a certain period they would take possession. The demand was ignored by the authorities, so a few days ago the period expired and several hundred men marched quietly to the entrance and demanded admission. The keepers swung open the gates, the men entered and staked out their claims, placing a model hut in one of the open grassed spaces as a symbol of possession.

It is said that 1,700 families will take up claims.

CANADA'S LIVESTOCK EXPORTS OVERSEAS

Ottawa, Ont.—(By The A. P.)—Canada's export livestock trade has shown a remarkable development in the last few years, according to government statistics. Live cattle exported last year exceeded 500,000 and were valued at \$50,000,000, a sum equal to the combined values of live cattle exported in the five previous years.

More than 90 per cent of the exported cattle went to the United States either as butcher cattle or stockers and feeders. During the same period, Canada exported 112,709,517 pounds of fresh and pickled beef valued at \$20,937,348. Total value of cattle exports exclusive of canned meats, exceeded \$70,000,000.

Educational Committee of Red Cross Survey Has Interesting Task.

The educational committee for the Red Cross survey held a preliminary meeting at the Red Cross rooms at the public library yesterday afternoon. The committee is not yet fully organized nor are the plans for the work complete, but a beginning has been made.

Yesterday afternoon Miss Belden explained to those members who were able to be present, the general plan for the survey, particularly as it applies to the schools of the city, and spoke of the interesting facts that have come to light in other cities as a result of this survey.

It is the work of this committee to visit each of the public schools of the city, as well as the private schools where there are younger children, and to study as fully as possible the situation in the schools of the city. The result of this study will be presented to the general committee and sent with other records obtained during the survey to the Red Cross headquarters in Chicago for recommendations.

Chairman Hopper Says Subscriptions Total \$1,250—Voluntary Pledges Are Sought.

The exact figures are lacking on the second day of the Salvation Army campaign, altho Chairman Hopper said last night that cash and subscriptions received amount to about \$1,250. This sum does not represent the total for it is known that a number of subscriptions were made yesterday which will appear in the report made by solicitors today. Some house to house canvassing is being done by army officers, while members of the Morgan county advisory board and other business men are doing some of this solicitation work.

Chairman Hopper has indicated that assistance will be welcome from men and women who are interested in the cause. Without such assistance it will be practically impossible to make a thorough canvass of the city and county. Volunteer subscriptions are requested and check mailed to Thomas V. Hopper of Hopper & Sons, or C. A. Johnson, vice president Elliott State bank, will be properly credited.

SERVICE STAR LEGION MET THURSDAY

The Service Star Legion held a meeting Thursday afternoon at the home of the president, Mrs. Mary T. Carriel, to consider plans for the observance of Armistice Day. The attendance was large and the meeting was a most enthusiastic one. The topic paramount was "the trees for Victory drive; how many will you take?" A number of women signed the pledge to be responsible for four trees, some two and some one, in all forty-one being pledged.

Golden Rule Club Hold Quilting.

Mrs. D. L. McCarthy pleasantly entertained the Golden Rule club at an all day quilting Wednesday at her home on North Main street. At noon sixteen ladies partook of a bountiful dinner. A great deal was accomplished with the quilting. Mrs. Blair of Glasgow was a guest at the meeting.

Tales of Western Life Told 'Round Camp Fire

A very pleasant and unique gathering took place at the home of Mr. and Mrs. L. O. Vaughn Wednesday evening. It was a reunion of those from Jacksonville who have at various times visited Glacier Park in Montana.

It was a camp fire gathering in the yard of the Vaughn home. The guests gathered around the fire under the open sky and told stories of experiences on the western trips. All of them have at some time camped, hunted and fished in Glacier National park, some of them having been there several times. The affair was given in honor of Dr. W. W. Schermerhorn, who is here on a visit from Portland, Ore.

Those who gathered about the campfire were: Dr. Schermerhorn, Dr. C. H. Rammelkamp, Prof. J. G. Ames, C. H. Russell, T. A. Chapin, Dr. W. B. Young, J. L. Johnson, C. A. Johnson, W. G. Goebel, Ralph Duellap, A. D. Fairbank and L. O. Vaughn.

The usual camping site for the Jacksonville residents is on Lake McDonald at the west entrance of Glacier National park. The camp is located on the lake shore near the mouth of a small stream. So much is the place frequented during the summer by residents of this city, that it has become known to the steamer crews on the lake as "Jacksonville."

Children's Party at Potter Home

Beaumont Potter entertained twenty-one of his boy friends at his home on Park street at a birthday party Thursday afternoon. After playing various outdoor games, including football, basketball and different race contests, the children were invited into the dining room for refreshments. A huge pumpkin occupied the center of the dining table, wreathed by beautiful chrysanthemums. There were tents of paper napkins, among which stood place cards representing the Pilgrim fathers. The house was decorated with large bouquets of chrysanthemums and Halloween tokens.

Beaumont was the recipient of many good wishes and gifts. The hour of departure came all too soon for those present who helped to make the evening so pleasant. All wished Beaumont many more happy birthdays.

Church Societies Are Entertained.

The Ladies Aid Society and the Clio Circle of Litchberry Christian church were entertained by Mrs. J. W. Martin and her daughter, Miss May. The Asbury church aid society met Thursday afternoon at the home of Mrs. Stella Morris. Owing to the bad condition of the roads there was not as large an attendance as usual. Roll call was answered by naming a promise of Christ. The society also voted to hold a social soon. It was voted to hold a simultaneous meeting this afternoon at 2:30 o'clock at the home of Mrs. A. B. Williamson of Jordan street.

This also was the time for the annual thank offering and there was a splendid response, the offering totalling \$40.80.

Following the business session Mrs. Williamson reviewed the third chapter of the study book, "The Language Question."

The next meeting will be held with Mrs. M. R. Range of Pine street Thursday, December 2.

ILLINOIS OFF FOR MONMOUTH TODAY

Coach Harmon's Squad Plays Monmouth College Team There Saturday—Illinois in Good Condition.

Coach Harmon and his band of Illinois College football warriors will leave this morning for Monmouth where they will play the Monmouth college team in that city Saturday afternoon.

During the past week Harmon has been sending his men thru some hard practice work for the game. The men have looked better since the Wesleyan game than at any time this season and seem to be rounding into their true form.

The men with the exception of Scott came out of the Wesleyan game in fine shape and seemed to have benefitted by the experience gained in that contest. Scott has a shoulder that is giving him a little trouble but it is nothing serious and he will start the game at Monmouth.

But little is known of the Monmouth team. Last year Illinois defeated them by a score of 39 to 6. However, the visitors have many of the men who were in that squad. They are reported to have a strong line but not a first-class backfield. They lost to Lombard by a score of 17 to 0. Illinois will go into the game determined to bring home the bacon. If they play the game they are capable of playing they should win this contest. However, Coach Harmon has impressed upon them the fact that it is going to be no snap and the Blue and White warriors will give Monmouth the best they have. If it is as good as they showed against Wesleyan it will win the game.

The Illinois team will lineup as follows to start the game.

Fanning le, Iftner lt, Gunn lg, Fiedling c, Andrew rg, Reid rt, Mellon re, Cully q, Barnes lb, Scott rh, Rogers fb.

In addition to this team Harmon will take the following second string men. Wright end, Barker tackle, Burns guard, Roberts center and Ferreira, Thurman and Brown for the backfield.

You will have the satisfaction of aiding a good cause if you contribute to the Salvation Army campaign fund. Give if a solicitor calls, but why wait for a solicitor when you can mail your check or pledge to Thomas V. Hopper or Charles A. Johnson.

Baptist Aid of Litchberry Meets.

Mrs. Clarence Thompson of Arcadia was hostess to members of the Aid Society of the Litchberry Baptist church. The members were present in large numbers and all found the program well worth while. A brief business session was held, at which time it was voted to contribute toward the Illinois College endowment fund. Plans for the social to be given Thanksgiving eve were discussed thoroughly. It is the annual custom of the church to have some sort of special event on this date, and this year there will be a free social.

Following the business meeting came a brief social time, when various amusements were enjoyed. In the Halloween contest the prize was won by Mrs. Ellis Thompson.

The December meeting is to be held with Mrs. W. E. Rexroat on Dec. 2.

Social Events

Golden Rule Club

Hold Quilting.

Mrs. D. L. McCarthy pleasantly entertained the Golden Rule club at an all day quilting Wednesday at her home on North Main street. At noon sixteen ladies partook of a bountiful dinner. A great deal was accomplished with the quilting. Mrs. Blair of Glasgow was a guest at the meeting.

Tales of Western Life

Told 'Round Camp Fire

A very pleasant and unique gathering took place at the home of Mr. and Mrs. L. O. Vaughn Wednesday evening. It was a reunion of those from Jacksonville who have at various times visited Glacier Park in Montana.

It was a camp fire gathering in the year of the Vaughn home. The guests gathered around the fire under the open sky and told stories of experiences on the western trips. All of them have at some time camped, hunted and fished in Glacier National park, some of them having been there several times. The affair was given in honor of Dr. W. W. Schermerhorn, who is here on a visit from Portland, Ore.

Those who gathered about the campfire were: Dr. Schermerhorn, Dr. C. H. Rammelkamp, Prof. J. G. Ames, C. H. Russell, T. A. Chapin, Dr. W. B. Young, J. L. Johnson, C. A. Johnson, W. G. Goebel, Ralph Dunlap, A. D. Fairbank and L. O. Vaughn.

The usual camping site for the Jacksonville residents is on Lake McDonald at the west entrance of Glacier National park. The camp is located on the lake shore near the mouth of a small stream. So much is the place frequented during the summer by residents of this city, that it has become known to the steamer crews on the lake as "Jacksonville."

Children's Party

at Potter Home

Beaumont Potter entertained twenty-one of his boy friends at his home on Park street at a birthday party Thursday afternoon. After playing various outdoor games, including football, basketball and different race contests, the children were invited in to the dining room for refreshments. A huge pumpkin occupied the center of the dining table, wreathed by beautiful chrysanthemums. There were tents of paper napkins, among which stood place cards representing the Pilgrim fathers. The house was decorated with large bouquets of chrysanthemums and Hallowe'en tokens.

Beaumont was the recipient of many good wishes and gifts. The hour of departure came all too soon for those present who helped to make the evening so pleasant. All wished Beaumont many more happy birthdays.

Following the business session Mrs. Williamson reviewed the third chapter of the study book, "The Language Question."

The next meeting will be held with Mrs. M. R. Range of Pine street Thursday, December 2.

ILLINOIS OFF FOR MONMOUTH TODAY

Coach Harmon's Squad Plays Monmouth College Team There Saturday—Illinois in Good Condition.

Coach Harmon and his band of Illinois College football warriors will leave this morning for Monmouth where they will play the Monmouth college team in that city Saturday afternoon.

During the past week Harmon has been sending his men thru some hard practice work for the game. The men have looked better since the Wesleyan game than at any time this season and seem to be rounding into their true form.

The men with the exception of Scott came out of the Wesleyan game in fine shape and seemed to have benefitted by the experience gained in that contest. Scott has a shoulder that is giving him a little trouble but it is nothing serious and he will start the game at Monmouth.

But little is known of the Monmouth team. Last year Illinois defeated them by a score of 39 to 6. However, the visitors have many of the men who were in that squad. They are reported to have a strong line but not a first-class backfield. They lost to Lombard by a score of 17 to 0.

Illinois will go into the game determined to bring home the bacon. If they play the game they are capable of playing they should win this contest. However, Coach Harmon has impressed upon them the fact that it is going to be no snap and the Blue and White warriors will give Monmouth the best they have. If it is as good as they showed against Wesleyan it will win the game.

The Illinois team will lineup as follows to start the game.

Fanning le, Ifner it, Gunn lg, Fiedling c, Andrew rg, Reid rt, Mellon re, Cully q, Barnes lb, Scott rh, Rogers fb.

In addition to this team Harmon will take the following second string men: Wright end, Barker tackle, Burrus guard, Roberts center and Ferreira, Thurman and Brown for the backfield.

You will have the satisfaction of aiding a good cause if you contribute to the Salvation Army campaign fund. Give if a solicitor calls, but why wait for a solicitor when you can mail your check or pledge to Thomas V. Hopper or Charles A. Johnson.

Baptist Aid of Litchberry Meets.

Mrs. Clarence Thompson of Avenida was hostess to members of the Aid Society of the Litchberry Baptist church. The members were present in large numbers and all found the program well worth while. A brief business session was held, at which time it was voted to contribute toward the Illinois College endowment fund. Plans for the social to be given Thanksgiving eve were discussed thoroughly. It is the annual custom of the church to have some sort of special event on this date, and this year there will be a free social.

Following the business meeting came a brief social time, when various amusements were enjoyed. In the Hallowe'en contest the prize was won by Mrs. Ellis Thompson.

The December meeting is to be held with Mrs. W. E. Rexroat on (Dec. 2).

"I know and acknowledge that this great plan originated with the Y. M. C. A. and could not have been carried out without its financial and technical aid," said General Pershing. The Inter-Alleied Games climaxed the Keep-Fit-For-Home five months' demobilization athletic program, guided by 327 trained Y athletic directors and in which the total participation exceeded 28,000,000.

Nearly a million fathers and sons participated in Father and Son week last February. Plans are now being made for 1920, February 16 to 22. J. A. REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian Head on the orange label.

Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods.

It never varies in quality—And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake. Calumet is absolutely sure. In any baking—any time, whether the can has just been opened or whether it is the last spoonful.

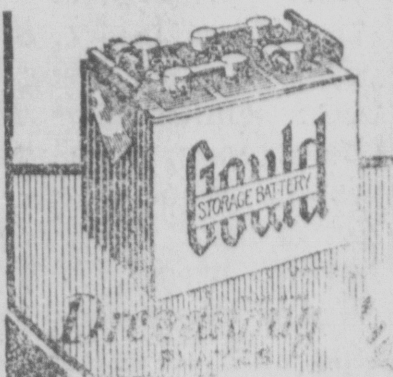

Contains only such ingredients as have been officially approved by U. S. Food Authorities—and is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Muffin Recipe

4 cups of sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups sweet milk. Then mix in the regular way.

HEALTH SURVEY COMMITTEE MEETS
First Session in Line With the Cross Survey of County Brings Discussion of Plans
The first meeting of the health committee of the Red Cross survey was held Wednesday night in the Red Cross room at 7 o'clock. The purpose of this meeting was to find out the various agencies in the city and county for promoting public health, such as the mental and tuberculosis clinics, public school nursing, etc.
A general plan for conducting the survey is made by the national Red Cross and last night each member of the committee was given a division of the health subject to investigate; vital statistics, communicable diseases, home care of the sick were a few of the questions to be covered. It will probably take three weeks to make this survey and during that time meetings will be held for the purpose of discussing new phases of the question as they appear. As the subject of public health is one of general interest and vital importance newspaper articles regarding it will appear from time to time. The purpose of this investigation is not to destroy or criticize the functioning health agencies but rather to construct new lines of work which will improve conditions in Morgan county. Miss Evelyn Belden has been sent by the National Red Cross to take charge of the survey.
The members of the health committee are the following:
Miss Lillian Havenhill, chairman; Miss Maud Rymann, Miss Clara Lovington, Miss Grace Carter, Mrs. M. D. Shanahan, Mrs. E. E. Crabtree, Dr. C. A. Norbury, Dr. H. C. Woltman, Dr. A. M. King, W. Barr Brown, Albert Metcalf, R. W. Woolston, H. M. Capps.

HEALTH SURVEY COMMITTEE MEETS

First Session in Line With New Cross Survey of County Brings Discussion of Plans

The first meeting of the health committee of the Red Cross survey was held Wednesday night in the Red Cross room at 7 o'clock. The purpose of this meeting was to find out the various agencies in the city and county for promoting public health, such as the mental and tuberculosis clinics, public school nursing, etc.

A general plan for conducting the survey is made by the national Red Cross and last night each member of the committee was given a division of the health subject to investigate; vital statistics, communicable diseases, home care of the sick were a few of the questions to be covered.

It will probably take three weeks to make this survey and during that time meetings will be held for the purpose of discussing new phases of the question as they appear. As the subject of public health is one of general interest and vital importance newspaper articles regarding it will appear from time to time. The purpose of this investigation is not to destroy or criticize the functioning health agencies but rather to construct new lines of work which will improve conditions in Morgan county.

Miss Evelyn Belden has been sent by the National Red Cross to take charge of the survey.

The members of the health committee are the following:
Miss Lillian Havenhill, chairman;
Miss Maud Rynan, Miss Clara Loving, Miss Grace Carter, Mrs. M. D. Shanahan, Mrs. E. E. Crabtree, Dr. Garm Norbury, Dr. H. C. Woltman, Dr. A. M. King, W. Barr Brown, Albert Metcalf, R. W. Woolston, H. M. Capps.

All the talk about this year's fine hard winter wheat crop was premature. The quality of the crop fell far short of its appearance.

The big, fat wheat grains that look so fine are big and fat because there's too much starch and water in them. The thing they really need—strength-giving gluten—is sadly lacking. Too much moisture and warm weather made the grain outgrow its strength.

A small part of the crop—four per cent—is of much better quality. It grew where there was less moisture; it developed more slowly into thinner, harder wheat, strong and full of gluten.

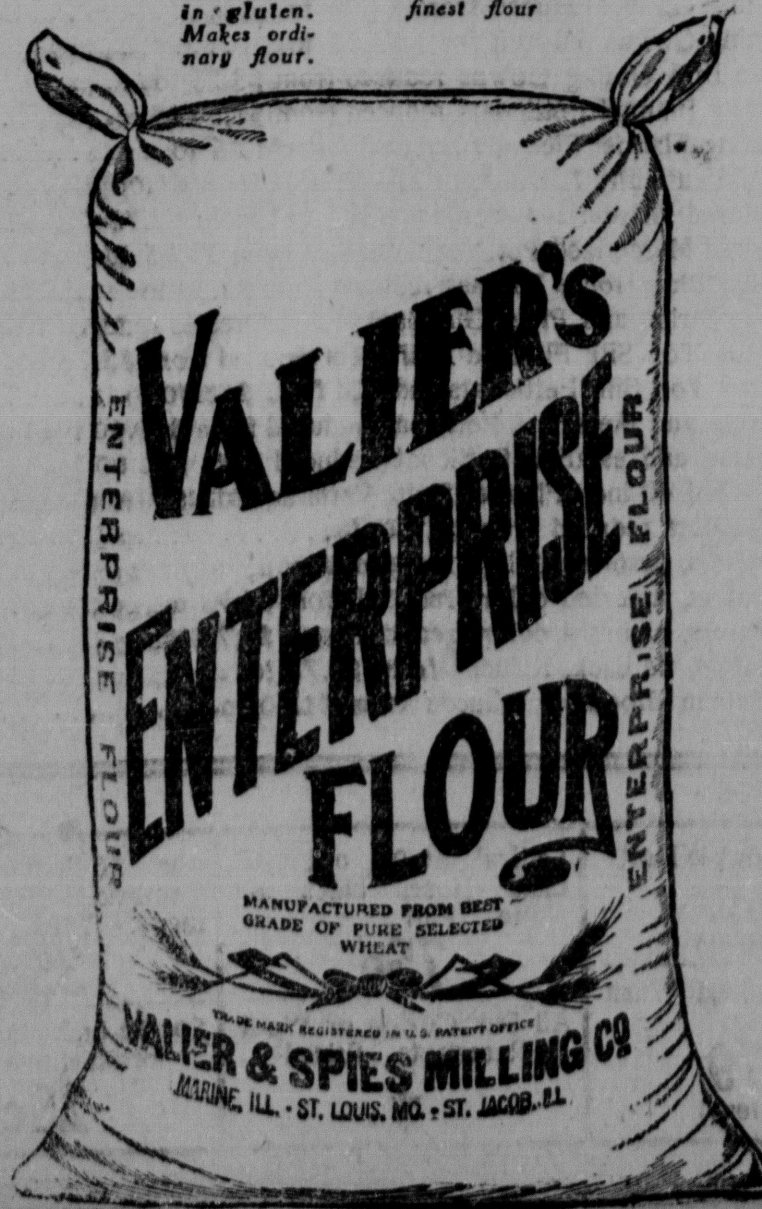

Only such grain is suitable for Valier's Enterprise Flour—it alone has strength enough to supply the unusual baking qualities that you expect of Enterprise.

So we got that kind of wheat—scarce as it was. Every bushel commanded the highest premium we have ever paid, but it's worth it. The quality of Enterprise will be as high as ever this year. It will produce the same fine results.

Enterprise costs more than ordinary flour—in the sack. In the loaf it costs less. A sack of Enterprise will last noticeably longer and there'll be no waste due to needless failures.

In This Section That is Equipped to do This

We Re-Grind Cylinders and fit With Rings and Oversize Pistons the Way it Should be Done

We are going to make a specialty of engine work, as well as car repairing. To do the former required the installation of particular machinery. We will be the only shop so equipped that is nearer than Decatur or Peoria. We intend to give "home people" real "Big City" service.

We shall have in stock a full line of oversize pistons, rings, wrist pins, etc., for any make of engine.

This work properly done gives you the engine equivalent of the high price cars.

Remember the re-ground block puts your car in the class with the expensive makes as regards engine power.

HAD NOT ENJOYED REAL GOOD MEAL IN SEVEN YEARS

Everything Decatur Woman Ate Disagreed With Her Until She Used Trutona

Decatur, Ill., Nov. 4.—"I'm certainly glad to recommend Trutona because it certainly has given me great relief from stomach and kidney troubles which had bothered me for several years," says Mrs. H. L. Borchert, a well-known Decatur woman who lives at 1452 North Water street.

"My stomach caused me no end of suffering," she continued, "and I don't believe I had enjoyed a real good meal in the past seven years. It just seemed that everything I ate disagreed with me. The kidney derangement caused my back to hurt me practically all the time. It wasn't unusual for me to lie awake at night, until the pains in my back would ease sufficiently for me to go to sleep. "I cannot express in words the praise I would like to give Trutona. I can eat almost anything now, and don't suffer afterward. The kidney pains have just about disappeared from my back, too, and I'm sleeping much better these nights. I don't get up in the mornings feeling so stiff and sore as I formerly did, either. Trutona is certainly a wonderful medicine." Trutona goes straight to the seat of your troubles, and is unsurpassed as a reconstructive agency, system purifier and body invigorant. It creates a healthful appetite and regulates the assimilation and digestion of the food. Trutona is sold in Jacksonville by Coover Drug Co., and J. F. Shreve; Wyle Drug Co., Franklin, and Wyle Drug Co., Waverly. —Adv.

Mrs. Laura Rarick, of Peoria, Ill., who says she believes she is the happiest woman on earth since Tanlac so completely restored her health. Regras 50 pounds which she lost during a period of ill health which lasted eleven long years.

"I believe I am the happiest woman in the world, and it is all because of what Tanlac has done for me," said Mrs. Laura Rarick, 403 Meridith St., Peoria, Ill., a well-known and highly respected resident of that city.

"I never dreamed that I would ever find anything that would do for me what Tanlac has done," she said. "I was in a wretched state of health and was down in bed so long that I lost fifty pounds in weight, but I have gained back every pound I lost and I now feel as well as I ever did in my life. The indigestion and other troubles that made life a burden for eleven years have entirely disappeared and I am like a new woman."

"My stomach was so disordered that even liquid foods and plain water caused me to have dreadful cramping spells that lasted for hours. My kidneys were disordered and I had pain across my back almost constantly. I had severe headaches nearly every day and became so dizzy I could hardly stand. I was so nervous it was impossible for me to get a good night's sleep. I tried every conceivable medicine and was treated by specialists, but nothing helped me, and finally I was told I would never be well again.

"But Tanlac has made me a perfectly well woman in every way. I can now eat and sleep like other people and I haven't a pain about me."

"I am glad to give this statement, for I want to do all I can to let the world know about this wonderful medicine."

WHEAT MARKET
SUFFERS SETBACK
By Associated Press.

CHICAGO, Nov. 4.—Wheat—underwent a material setback in price today owing more or less to talk that country offerings were somewhat larger.

The market closed nervous, 3 1/2¢ to 4 1/2¢ net lower, with December \$2.34 and March \$1.94 1/2 to \$1.95. Corn finished 1/2¢ down to 50¢, oats off 1/2¢ to 50¢, and provisions varying from 10¢ decline to 5¢ advance.

Downturns for wheat values began as soon as trading opened and it was said that a house with southwestern connections was sponsoring the talk of enlarger rural offerings. Through the day, buying power seemed to be at a minimum except from shorts covering profits. Scarciness of receipts had a strengthening effect on the price of December delivery in the corn market.

Otherwise quotations were governed mainly by the action of wheat.

Oats were easier influenced by a little selling pressure from the northwest.

Liberal shipments helped to steady provisions.

WHEAT MARKET
SUFFERS SETBACK

By Associated Press.

CHICAGO, Nov. 4.—Wheat

underwent a material setback in price today owing more or less to talk that country offerings were somewhat larger.

The market closed nervous, 3 1/2¢ to 5 1/2¢ net lower, with December \$2.01 and March \$1.94 1/2 to \$1.95. Corn finished 1/2¢ down to 90¢, oats 1/2¢ to 90¢, and provisions varying from 10¢ decline to 5¢ advance.

Downturns for wheat values began as soon as trading opened and it was said that a house with southwestern connections was sponsoring the talk of enlarger rural offerings. Through the day, buying power seemed to be at a minimum except from shorts covering profits. Scantiness of receipts had a strengthening effect on the price of December delivery in the corn market.

Otherwise quotations were governed mainly by the action of wheat.

Oats were easier influenced by a little selling pressure from the northwest.

Liberal shipments helped to steady provisions.

Use it in coffee, too—it gives a delightful flavor

Read what Miss Alice Bradley, Principal of Miss Farmer's School of Cookery, says:

"Milk is absolutely essential for children and for adults. One pint of milk should be provided daily for every child and a quart if possible. Evaporated milk has lost none of its nutritive qualities and may be used in place of fresh milk. A half pound can of milk for each adult member of the family and a pound can for each child, diluted with an equal amount of water is none too much to use on the table and for cooking purposes, each day.

"Milk provides fuel to keep you warm; energy to do your work; protein to keep your muscles in repair; calcium and phosphorus for the bones and teeth; vitamins to regulate the growth of muscular tissues and keep you well.

"Just in proportion as sufficient milk is given to children to make them grow shall we have comfortable, happy men and women in the next generation.

"Milk is the one food that makes a diet 'safe,' and its use should be encouraged and increased."

—so much more body and "character." Use it to make the children's cocoa more nourishing.

Evaporated MILK

Packed in the country

Four recipes from the most famous cooking school in the United States

Libby's Rebecca Pudding

1 1/4 cups Libby's Evaporated Milk 1/4 cup sugar
1 1/4 cups water 1/4 level teaspoon salt
1-3 cup cornstarch 1 teaspoon vanilla
2 egg whites

Put Libby's Evaporated Milk and one cup water in top of double boiler, put over hot water and set on stove. Mix cornstarch, sugar and salt, add one-fourth cup cold water and stir until smooth. Add to the milk, stir until thickened, cover and cook fifteen minutes, stirring occasionally.

Remove from fire, cool slightly, add vanilla and whites of eggs beaten stiff. Pour into molds that have been rinsed with cold water, and put in a cold place until firm. Turn out onto serving dish and decorate with candied cherries and diamond shaped pieces of angelica or citron. Surround with Libby's Chocolate Sauce.

To make sauce, scald 3/4 cup Libby's Evaporated Milk and 3/4 cup water in top of double boiler. Melt 1 square unsweetened chocolate in bowl set over the milk. Mix 2 egg yolks, 1/3 cup sugar and 1-8 teaspoon salt, add hot milk slowly, stirring constantly, then add this mixture very slowly to the chocolate, stirring all the time.

Return to double boiler and stir until mixture coats the spoon, strain immediately, cool, and add 1-2 teaspoon vanilla. Should curdle from being cooked too long, beat with egg beater to a smooth consistency.

Creamed Chicken

2 tablespoons butter 2 cups cold cooked chicken, cut in dice
3 tablespoons flour 1-8 teaspoon celery salt
1-3 cup Libby's Evaporated Milk
2-3 cup water

Put the butter in a saucepan and let it melt and begin to bubble. Then withdraw the saucepan from the fire and with a spoon rub in the flour to make a smooth paste. Add the seasoning, return to the fire and slowly add the milk and water together. Stir the sauce until it is perfectly smooth, then let it boil two minutes.

When the sauce is done add it to the diced chicken and let the whole be thoroughly heated before it is served.

To vary this dish and make it more elaborate pimiento, cut up, may be added just before it is served.

If the flavor of green pepper is liked, that may be added as well as the pimiento. Chop the green pepper and put it in the saucepan with the butter. Let it cook until the pepper is tender but not browned. Then proceed with the sauce as before. Pimiento and green pepper used together make a delicious dish of creamed chicken.

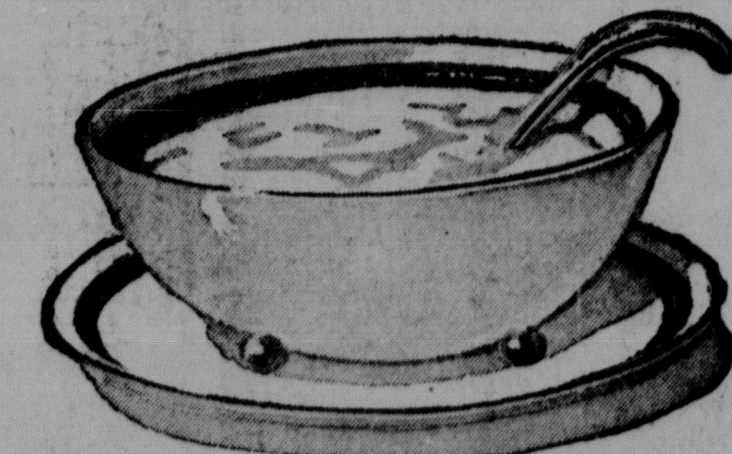

Corn Chowder

1 can corn 4 cups water
4 cups potatoes, cut in cubes 8 crackers
2 inch cube fat salt pork 1-2 teaspoons salt
1 sliced onion 1-2 teaspoon pepper
2 cups Libby's Evaporated Milk

Cut the salt pork into small dice shape, put them in a saucepan over the fire and when some of the fat has melted out add the onion and cook five minutes, stirring that the onion may not burn.

Now the potatoes and the water may be added and the whole should simmer until the potatoes are tender. Then add the corn and Libby's Evaporated Milk and season with salt and pepper. Bring to the boiling point, add the crackers and serve.

The best crackers for use in any chowder are known as pilot bread and may be had from the grocer in bulk or in package. The pilot bread should be fresh, crisp and rather hard. Serve it on the table as well as in the chowder; it is a great addition to a regular chowder dinner.

Boiled Salad Dressing

1 teaspoon salt 2 tablespoons salad oil
1 teaspoon mustard 1-2 cup Libby's Evaporated Milk
2 teaspoons sugar 1-4 cup water
Few grains cayenne 1-4 cup vinegar
1-2 tablespoons flour 1 egg (or 2 yolks)

Mix and sift salt, mustard, sugar, cayenne and flour, add egg slightly beaten, salad oil, and Libby's Evaporated Milk diluted with water. Stir until smooth, and add vinegar slowly. Cook over boiling water until mixture thickens; strain and cool.

This dressing takes the place of mayonnaise in any salad where mayonnaise appears. If it is too stiff when you want to use it, thin it with a little Libby's Evaporated Milk.
